BOW SAWS

& BOW SAW SPARE BLADES

"Tension adjuster for faster, cleaner cuts for longer"

www.spear-and-jackson.com

PREDATOR™

SPEAR & JACKSON

Spear & Jackson have developed a new range of professional quality Bow saws in 21" (two styles), 24" and 30" sizes together with spare blades suitable for either wet or dry wood cutting.

The new frames feature adjustable tensioning, ergonomic handles with hand guards and ultra quick blade change. Cutting tests have proven the blades cut faster and for longer than other leading brands.

All blades are 4TPI Carbon steel, hard pointed for maximised durability and performance

Ergonomic Soft Feel Handle
With built-in hand guard

Oval Section Tubular Steel Frame
For strength and rigidity

Adjustable Blade Tensioning

Ideal for Hard / Dry Wood
Blades for Soft / Wet wood also available

Ideal for Soft / Wet / Green Wood
Blades for Hard / Dry wood also available

"Tension adjuster for faster, cleaner cuts for longer"

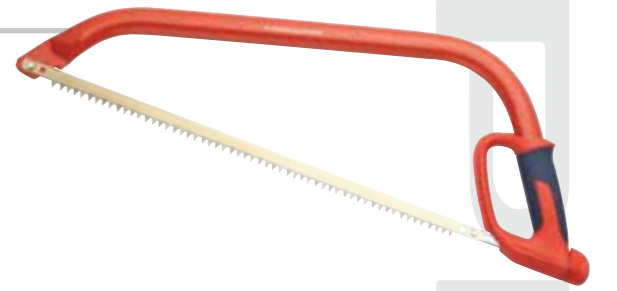

An innovative new merchandiser has also been introduced for high impact at point of sale. Fits any 10 Bow Saws plus 40 Spare Bow Saw Blades.

PREDATOR™
