# RAZORSHARP range

The new Spear & Jackson Razorsharp® cutting tool range introduces a number of innovative new products designed to complement our existing lines resulting in a totally comprehensive range of cutting tools with a logical price and quality hierarchy.

## Range Hierarchy

### ADVANCE

Innovation in technology has improved almost every aspect of our daily life. Now, the Razorsharp® Advance collection incorporates innovations such as geared and ratchet mechanisms, ergonomic design and new materials to make gardening so much easier and enjoyable.

### ADVANTAGE

The Razorsharp® Advantage collection features the finest precision-cutting range of tools and is the obvious choice for gardeners who demand and expect precise, powerful performance.

### STEEL

A super tough range - the Razorsharp® Steel collection is designed to meet the most demanding standards, with tubular steel handles for extra strength and durability.

### ACTIVE

Our Razorsharp® Active collection combines quality with excellent value for money to appeal to the next generation of gardeners.

To maximise the impact and appeal of the new ranges, we have also introduced new, eye-catching product livery and packaging designed to enable the consumer to make the right choice of product. The result, we believe, is the best cutting tool range currently available on the market.

# RAZORSHARP - Advance secateurs

10  
YEAR  
GUARANTEE

Innovation in technology has improved almost every aspect of our daily life. Now, the Razorsharp® Advance collection incorporates innovations such as geared and ratchet mechanisms, ergonomic design and new materials to make gardening so much easier and enjoyable.

### heavy duty bypass

6659BS

◀ 20mm  
(3/4") ▶

- SK5 blades
- Forged aluminium handle construction
- Sap groove & riveted lower blade
- Rubber shock absorber
- Notched blade for thicker stems

### ergo twist bypass

6259BS

◀ 15mm  
(5/8") ▶

- Auto-rotating lower handle helps minimise strain and fatigue
- SK5 blades
- Stepped locking catch for either wide or narrow cutting width
- PTFE coated for smooth cutting
- Lightweight cast aluminium body

### premium bypass

6160BS

◀ 15mm  
(5/8") ▶

- SK5 blades
- Ergonomic lightweight aluminium handles
- Adjustable hand-opening for individual user comfort
- PTFE coated for smooth cutting and rust resistance

### ratchet anvil

6358RS

◀ 20mm  
(3/4") ▶

- Ratchet action means easy pruning in 4 short steps
- High carbon steel blade, PTFE coated for smooth cutting
- Lightweight cast aluminium body
- Metal locking catch

### ratchet twist anvil

6458RS

◀ 20mm  
(3/4") ▶

- Ratchet action means easy pruning in 4 short steps
- Auto-rotating lower handle helps minimise strain and fatigue
- High carbon steel blade, PTFE coated for smooth cutting
- Lightweight cast aluminium body

Non-slip profiled handles for comfort during use

Metal locking catch

PTFE coated blades for easier cutting

Ratchet action means easy pruning in 4 easy steps

Loop handle for protection of fingers during use

# RAZORSHARP - Advance secateurs

10  
YEAR  
GUARANTEE

## snips

7057SP

**Snips** long blades make cutting delicate flowers and fruits easy

- PTFE coated blade for smooth cutting\*
- Easy change "one-bolt-on" system with slip and click adjustment
- Easy, ambidextrous locking catch
- Soft feel grips
- Ergonomic blade leverage provides more cutting with less effort
- Interchangeable insert in base of handle for accessories

## anvil secateurs

7058AP

**Anvil** action minimises stem twisting for woody branches

- PTFE coated blade for smooth cutting\*
- Easy change "one-bolt-on" system with slip and click adjustment
- Easy, ambidextrous locking catch
- Soft feel grips
- Ergonomic blade leverage provides more cutting with less effort
- Interchangeable insert in base of handle for accessories

## bypass secateurs

7059BP

**Bypass** action minimises stem bruising for green stems

- PTFE coated blade for smooth cutting\*
- Easy change "one-bolt-on" system with slip and click adjustment
- Easy, ambidextrous locking catch
- Soft feel grips
- Ergonomic blade leverage provides more cutting with less effort
- Interchangeable insert in base of handle for accessories

## flower snips

7060FP

**Flower snips** are ideal for dead heading flowers & shrubs

- PTFE coated blade for smooth cutting\*
- Easy change "one-bolt-on" system with slip and click adjustment
- Easy, ambidextrous locking catch
- Soft feel grips
- Ergonomic blade leverage provides more cutting with less effort
- Interchangeable insert in base of handle for accessories

# RAZORSHARP - Advantage secateurs

10  
YEAR  
GUARANTEE

The Razorsharp® Advantage collection features the finest precision-cutting range of tools and is the obvious choice for gardeners who demand and expect precise, powerful performance.

## small bypass

6057BS

- Small handle suitable for smaller hands
- SK5 carbon steel blades
- Bi-material non-slip comfort grips
- PTFE coated blades for rust resistance and smooth cutting
- Drop nose blades for easier pruning
- Contoured ergonomic handles
- Ambidextrous locking catch
- Sap groove in blade
- Shock absorber
- Stem crusher

## medium bypass

6059BS

- Medium sized handle
- SK5 carbon steel blades
- Bi-material non-slip comfort grips
- PTFE coated blades for rust resistance and smooth cutting
- Drop nose blades for easier pruning
- Contoured ergonomic handles
- Ambidextrous locking catch
- Sap groove in blade
- Shock absorber
- Stem crusher
- Also available as part of a twin pack - 6070TP

## large bypass

6060BS

- Large handle suitable for larger hands
- SK5 carbon steel blades
- Bi-material non-slip comfort grips
- PTFE coated blades for rust resistance and smooth cutting
- Drop nose blades for easier pruning
- Contoured ergonomic handles
- Ambidextrous locking catch
- Sap groove in blade
- Shock absorber
- Stem crusher
- Also available as part of a twin pack - 6070TP

## medium anvil

6058AS

- Medium sized handle
- SK5 carbon steel blades
- Bi-material non-slip comfort grips
- PTFE coated blades for rust resistance and smooth cutting
- Drop nose blades for easier pruning
- Contoured ergonomic handles
- Ambidextrous locking catch
- Sap groove in blade
- Shock absorber
- Stem crusher
- Also available as part of a twin pack - 6070TP

## BLADES & ACCESSORIES

Hex key with each set of interchangeable blades

### snips blades

9057SB

### anvil blades

9058SB

### bypass blades

9059SB

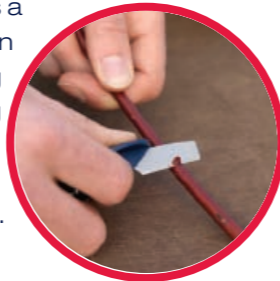

### flower snips blades

9060SB

Interchangeable blades are available for each pattern enabling them to undertake a number of different applications.

Also available as part of the range is a finger loop to protect knuckles when pruning dense foliage, a sharpening file to sharpen blades and a grafting knife for propagating. These accessories can be stored in the base of the handle for convenience.

### sharpening file

7054SF

### grafting knife

7053GK

### finger loop

7055FL

## adjustable anvil

6558AS

- Two adjustable widths
- Smaller handle width ideal for ladies
- SK5 carbon steel blades
- PTFE coated blades for rust resistance and smooth cutting
- Ergonomic soft-grip handles

## adjustable bypass

6559BS

- Two adjustable widths
- Smaller handle width ideal for ladies
- SK5 carbon steel blades
- PTFE coated blades for rust resistance and smooth cutting
- Ergonomic soft-grip handles

Our new adjustable width secateurs suit both large or small sized hands with the smaller handle width being particularly suitable for ladies.

Available in **bypass** and **anvil**.

\* PTFE coated blade available from Autumn 2010

# RAZORSHARP - Active secateurs

5  
YEAR  
GUARANTEE

Our Razorsharp® Active collection combines quality with excellent value for money to appeal to the next generation of gardeners.

## medium bypass

5959RSA

15mm  
(5/8")

**Bypass** action minimises stem bruising for green stems

- Extra large safety thumb catch
- Hardened carbon steel blade for a positive cutting action
- PTFE coated blade for rust resistance and smooth cutting
- Contoured ergonomic handles

## medium anvil

5958RSA

15mm  
(5/8")

**Anvil** action minimises stem twisting for woody branches

- Extra large safety thumb catch
- Hardened carbon steel blade for a positive cutting action
- PTFE coated blade for rust resistance and smooth cutting
- Contoured ergonomic handles

## large bypass

5960RSA

20mm  
(3/4")

**Bypass** action minimises stem bruising for green stems

- Extra large safety thumb catch
- Hardened carbon steel blade for a positive cutting action
- PTFE coated blade for rust resistance and smooth cutting
- Contoured ergonomic handles

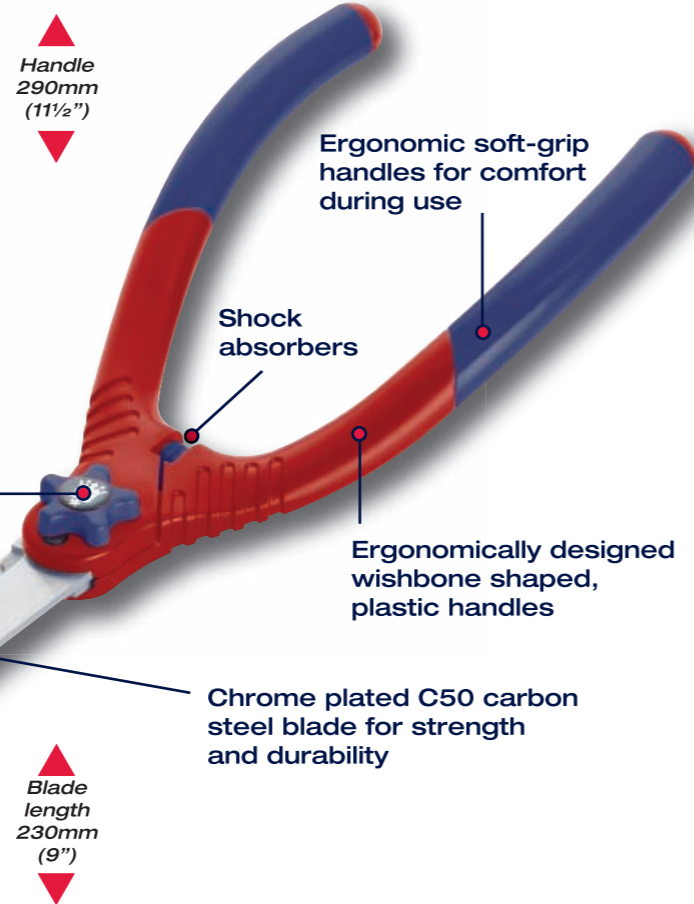

# RAZORSHARP - Advance shears

10  
YEAR  
GUARANTEE

## advance wishbone hand shears

4888HS

With these ergonomic 'wishbone' shears, trimming shrubs and bushes will become a lot easier giving you a precise clean cut every time. Featuring shock absorbing bumpers, adjustable tensioning nut, ergonomic grips and a notched blade for cutting thicker stems.

Handle  
290mm  
(11½")

Ergonomic soft-grip handles for comfort during use

Shock absorbers

Adjustable tensioning

Ergonomically designed wishbone shaped, plastic handles

Chrome plated C50 carbon steel blade for strength and durability

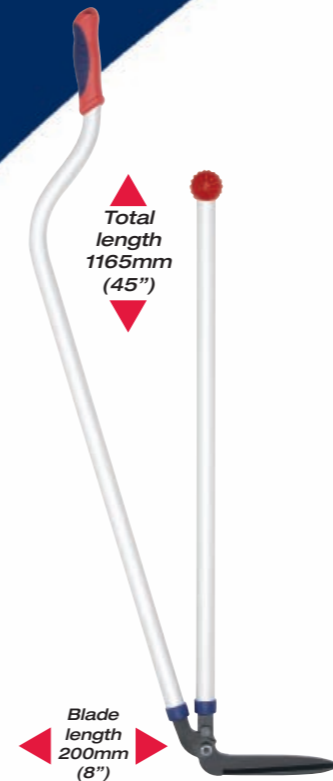

Blade length  
230mm  
(9")

# RAZORSHARP - Advance shears

10  
YEAR  
GUARANTEE

## advance edging shears

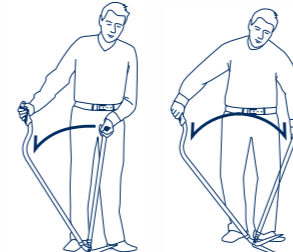

8250RS

Total length  
1165mm  
(45")

Blade length  
200mm  
(8")

- Innovative ergonomic design
- Ergonomically designed long handles for comfortable use
- Reduces required arm movement by 50%
- 8"/200mm PTFE coated blades for rust resistance
- High performance carbon steel cutting edge

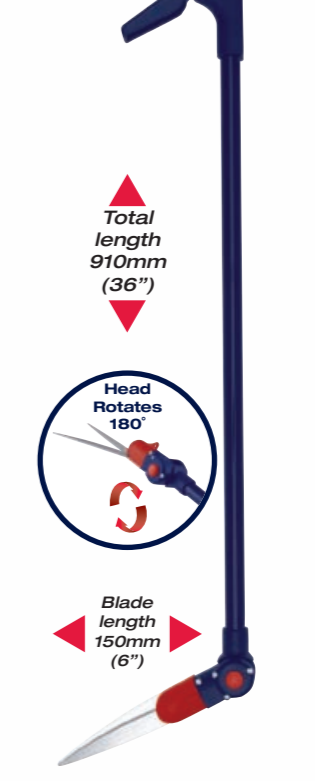

Encourages the user to adopt a more upright stance, resulting in reduced back strain

## advance multi shears

4873MS

Total length  
910mm  
(36")

Head Rotates 180°

Blade length  
150mm  
(6")

- C50 carbon steel blades rotate 180° so can operate as both lawn shears or edging shears
- Adjustable head angle - can also operate as straight, long reach shears
- Extendable hand grip
- Adjustable setting of blade angle and head angle allows user to achieve neater, tidier cutting and edge finishing

## advance hand shears

8170RS

Blade length  
215mm  
(8½")

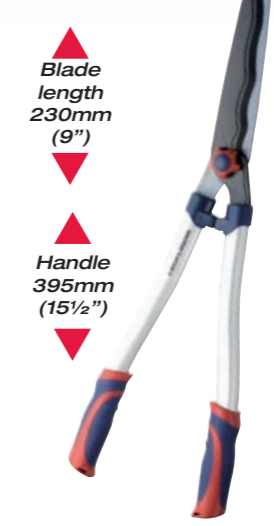

Handle  
290mm  
(11½")

- Geared mechanism for easy cutting - less effort
- Hardened carbon steel blades for durability
- Lightweight aluminium handles
- Non-slip comfort grips
- PTFE coated blades for rust resistance and smooth cutting

## advance long reach shears

8240RS

Blade length  
230mm  
(9")

Handle  
395mm  
(15½")

- C50 carbon steel blades
- 9" wavy edge blades
- Lightweight long reach ergonomic aluminium handles
- Shock absorbers
- Ergonomic soft feel grips

# RAZORSHARP - Advantage shears

10 YEAR GUARANTEE

## lawn shears

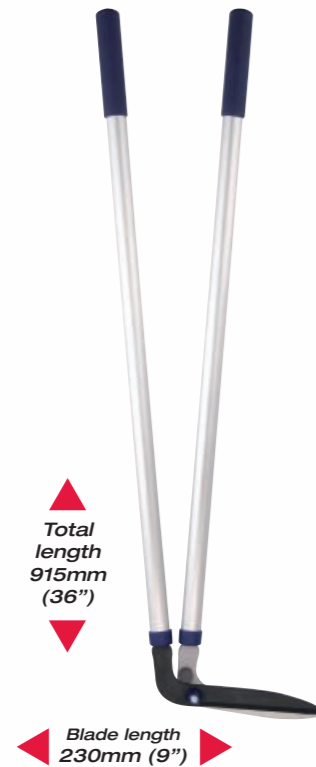

4867RS

- C50 carbon steel blades, hardened and tempered for durability
- PTFE coated blades for rust resistance and smooth cutting
- Longer handles to enable a more comfortable, upright position
- Non-slip comfort grips

## edging shears

4870RS

- C50 carbon steel blades, hardened and tempered for durability
- PTFE coated blades for rust resistance and smooth cutting
- Longer handles to enable a more comfortable, upright position
- Non-slip comfort grips

The Razorsharp® Advantage collection features the finest precision cutting range of tools and is the obvious choice for gardeners who demand and expect precise, powerful performance.

## hedge shears

8110RS

- Chrome plated blades for rust resistance
- Notched for cutting thicker stems
- Shock absorber
- Soft-feel grips

## telescopic shears

8120RS

- Stainless steel blades for rust resistance
- Non-slip comfort grip
- Compact folding tool for a variety of gardening tasks
- Includes: Bypass secateurs, mini saw, 2 pruning knives, bottle opener and corkscrew

## easy reach pruner

8200RS

Total length 760mm (30")

- Rotating body and cutting head
- Durable carbon steel bypass action blades for a clean cut on green stems up to 7.5mm thick
- Lightweight long handle design allows light pruning in awkward areas
- PTFE coated cutting blade for an easier, smooth cut
- Cut and hold mechanism for fruit / flowers

## large garden knife

4946GK

- Stainless steel blade with comfortable lightweight handle
- Ideal for taking cuttings and general pruning tasks
- Chromed for rust resistance

## all-purpose scissors

4152GS

- Stainless steel blades for rust resistance
- Suitable for indoor & outdoor use

## soft-feel scissors

4152GSSF

- Durable carbon steel blades with chrome finish for lasting sharpness
- Ergonomic handles with soft non-slip grip

- Shock absorbing stopper for more comfortable pruning
- Durable and lightweight handle
- Right or left handed use
- Suitable for green stems, indoors or outdoors

## floral clip

4947FC

- Stainless steel blades for rust resistance
- Ideal for cutting flowers or pruning small plants

## blade sharpener

4053BS

- Durable tungsten carbide sharpening blade
- Removable oil-soaked sponge for extra rust protection
- Durable lightweight body with non-slip grip
- Finger guard safeguards fingers from harm when sharpening

## 6 in 1 blade sharpener

4056BS

- 4 sharpening options to cover a wide range of different blade types
- Cleaning sponge & lubricating/anti-corrosion oil stored inside handle
- Soft-feel non-slip grip
- Built-in hand guard

## patio knife

4153PK

Blade 140mm (5½")

- Stainless steel blade for rust resistance
- 2 cutting edges for hard to reach places
- Ergonomic soft-grip handle

# TRADITIONAL range

The Traditional range of digging and cultivating tools has been created by combining modern and natural materials to create a timeless classic.

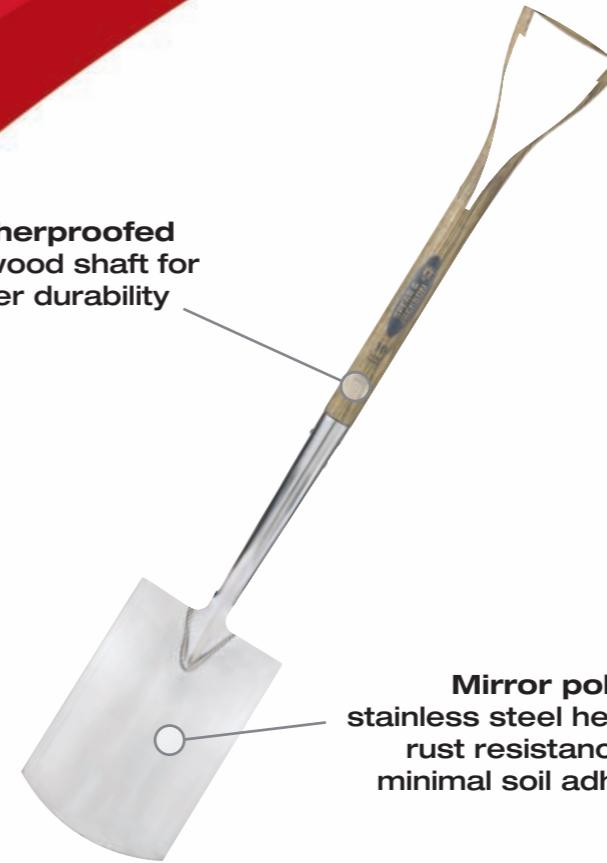

The use of weatherproofed hardwood shafts and stainless steel heads for reduced soil adhesion and rust resistance has created an attractive, highly functional range of tools for those gardeners who prefer the 'Traditional' look.

# TRADITIONAL digging

10  
YEAR

# NEVERBEND range

The re-introduction of the highly popular Neverbend® solid forged carbon steel spades and forks and accompanying long handled cultivators and hand tools underlines our commitment to a customer lead approach to our product offering. We are confident that the eye catching new livery on this range communicates the strength and benefits of solid forged garden tools to the committed gardener.

The range of Neverbend® Stainless garden tools has also benefited from a change of livery and the highly specified hard wearing Professional range of solid forged garden tools completes the line up.

**Supergrip® handle forward tilt gives the ideal digging angle**

**Solid forged carbon steel head and extra long socket for strength. Upto 20% stronger than stainless steel**

SOLID FORGED HEAD

10 YEAR GUARANTEE

## digging fork

Product Code: 1570AL

- MYD handle
- Solid forged carbon steel head and socket
- Long lipped socket, riveted for added strength
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability

## potato fork

Product Code: 1650SN

- MYD handle
- Solid forged carbon steel head and socket
- Extra wide tines for lifting potatoes
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability

## edging knife

Product Code: 3805AS

- T handle
- Solid forged carbon steel head
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability

## digging spade treaded

Product Code: 1071AL

- MYD handle
- Solid forged carbon steel head and socket
- Long lipped socket, riveted for added strength
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability
- Treaded for more comfortable digging

## heavy duty spade

Product Code: 1307HDS

- MYD handle
- Oversized solid forged carbon steel head and socket
- Part polished blade
- Weatherproofed hardwood shaft for greater durability

## irish spade

Product Code: 1072AY

- T handle
- Solid forged carbon steel head and socket
- Solid neck, three rivets and strapped for extra strength
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability
- Treaded for more comfortable digging

## dutch hoe

Product Code: 3540BT

- Long handle
- Carbon steel head and socket
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability

## garden rake

Product Code: 3840EY

- Long handle
- Solid forged carbon steel head
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability
- 14 teeth

## heavy duty lawn (flexo) rake

Product Code: 3872HD

- Heat treated tines are designed to withstand the toughest use whilst maintaining their shape and flexibility
- The rake's 20 tines wrap around the rivets at the back of the plate to reduce the likelihood of them becoming detached during use

# ELEMENTS range

The Elements range of digging and cultivating tools is now established as a firm favourite thanks to its appeal to those gardeners seeking a range of tools offering value for money without compromising on quality, durability and appearance.

The combination of a hardened carbon steel head and laquered ash handle made this range the ideal choice for incorporation into the Spear & Jackson "Grow Your Own" programme, which has further increased the popularity of these lines.

- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Soft-grip - forward tilt gives the ideal digging angle
- Manufactured to exceed BS3388 British Standard load tests

## border fork

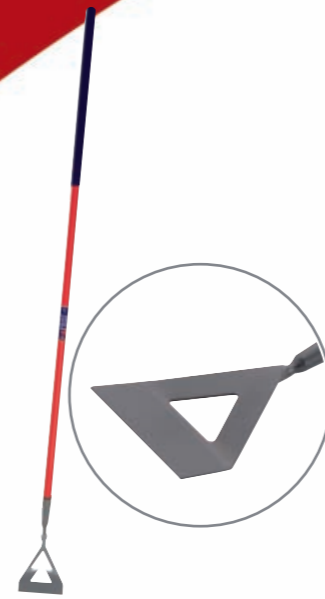

Product Code: 2994NS

- Carbon steel head and socket heat treated for strength
- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Soft-grip - forward tilt gives the ideal digging angle
- Manufactured to exceed BS3388 British Standard load tests

# SELECT carbon cultivating, lawn care & hand tools

5 YEAR GUARANTEE

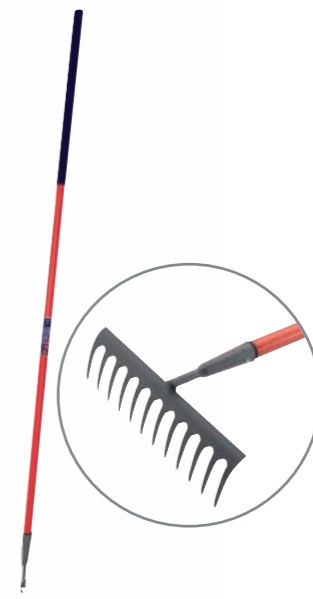

## dutch hoe

Product Code: 2135NS

- Carbon steel head and socket heat treated for strength
- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Tubular steel shaft
- Long soft feel grip

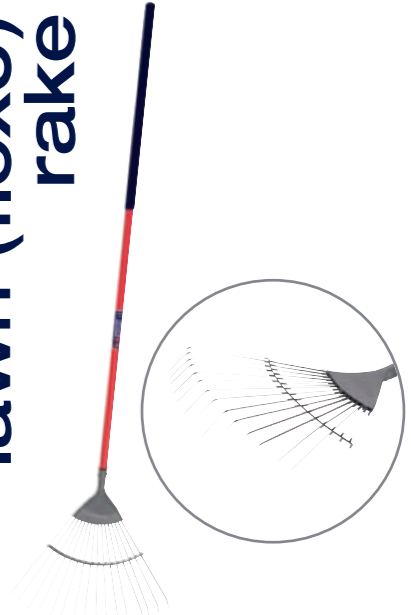

## soil rake

Product Code: 2145NS

- Carbon steel head and socket heat treated for strength
- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Tubular steel shaft
- Long soft feel grip
- 12 teeth

## lawn (flexo) rake

Product Code: 2155NS

- Carbon steel head and socket heat treated for strength
- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Tubular steel shaft
- Long soft feel grip
- 16 spring steel tines

## edging knife

Product Code: 2164NS

- Carbon steel head and socket heat treated for strength
- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Treaded for more comfortable edging
- Tubular steel shaft

## hand trowel

Product Code: 2058NS

- Carbon steel head and tang heat treated for strength
- Tanged for knuckle clearance
- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Ergonomic soft-grip handle

## weed fork

Product Code: 2053NS

- Carbon steel head and tang heat treated for strength
- Tanged for knuckle clearance
- Epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Ergonomic soft-grip handle

# E-SERIES range

A range of ergonomically designed innovative digging, cultivating and hand tools incorporating features such as enlarged, forward tilting handles and centralised foot treads on spades, forks and edging knives.

The long handled cultivators have well balanced, lightweight ergonomic handles with a comfortable 2 handed grip.

The result is easier gardening with less strain.

# E-SERIES digging

10  
YEAR  
GUARANTEE

**Ergonomic forward tilting handle**  
for comfortable use at the ideal digging angle

**Centralised foot tread**  
- reduces slippage and unbalancing  
- delivers more digging power with less muscle effort and strain

## digging spade

Product Code: 7301DS

- Heat treated (hardened) stainless steel head & stirrup for strength and durability
- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Tubular stainless steel shaft for rust resistance
- Soft-feel lower shaft for comfortable safe use & extra grip
- Large soft-feel handle for a comfortable 2-handed grip when digging in hard ground

## digging fork

Product Code: 7302DF

- Heat treated (hardened) stainless steel head & stirrup for strength and durability
- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Tubular stainless steel shaft for rust resistance
- Soft-feel lower shaft for comfortable safe use & extra grip
- Large soft-feel handle for a comfortable 2-handed grip when digging in hard ground

## border spade

Product Code: 7303BS

- Heat treated (hardened) stainless steel head & stirrup for strength and durability
- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Tubular stainless steel shaft for rust resistance
- Soft-feel lower shaft for comfortable safe use and extra grip
- Large soft-feel handle for a comfortable 2-handed grip when digging in hard ground

## border fork

Product Code: 7304BF

- Heat treated (hardened) stainless steel head & stirrup for strength and durability
- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Tubular stainless steel shaft for rust resistance
- Soft-feel lower shaft for comfortable safe use and extra grip
- Large soft-feel handle for a comfortable 2-handed grip when digging in hard ground

# E-SERIES border & cultivating

10  
YEAR  
GUARANTEE

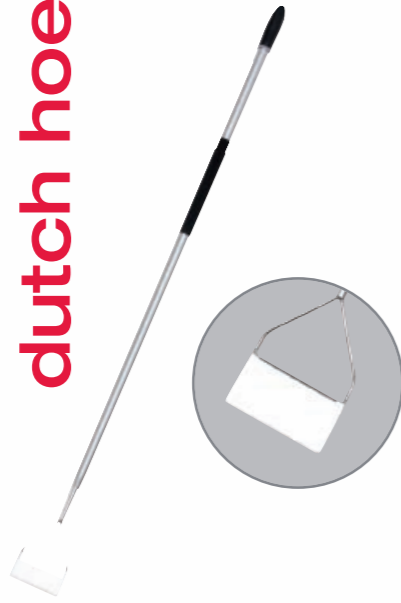

## edging knife

Product Code: 7308EK

- Heat treated (hardened) stainless steel head & stirrup for strength and durability
- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Tubular stainless steel shaft for rust resistance
- Soft-feel lower shaft for comfortable safe use and extra grip
- Large soft-feel handle for a comfortable 2-handed grip when digging in hard ground

## dutch hoe

Product Code: 7307DH

- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Lightweight aluminium shaft with ergonomic bend
- Soft-feel handle for comfortable use and extra grip

## lawn (flexo) rake

Product Code: 7305LR

- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Lightweight aluminium shaft with ergonomic bend
- Soft-feel handle for comfortable use and extra grip

## soil rake

Product Code: 7306GR

- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Lightweight aluminium shaft with ergonomic bend
- Soft-feel handle for comfortable use and extra grip

# E-SERIES hand tools

10  
YEAR  
GUARANTEE

## hand trowel

Product Code: 7309HT

- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Soft-feel handle for comfortable use and extra grip

## weed fork

Product Code: 7310WF

- Mirror polished stainless steel head for rust resistance and minimal soil adhesion
- Soft-feel handle for comfortable use and extra grip

# LANDSCAPING & FENCING tools

The growth of gardens as an 'outdoor room' has led to a huge increase in interest and demand for landscaping products for both professional and domestic use.

We have responded to this increase in interest by introducing a number of new lines to compliment our existing range, ensuring that the appropriate tool is always available to suit the job in hand.

## LANDSCAPING & FENCING spades & shovels

### digging spade

Product Code: 1070AK

- MYD handle
- Solid forged carbon steel head and socket
- Long lipped socket, riveted for added strength
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability
- 10 year guarantee

### treaded digging spade

Product Code: 1071AL

- MYD handle
- Solid forged carbon steel head and socket
- Long lipped socket, riveted for added strength
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability
- Treaded for more comfortable digging
- 10 year guarantee

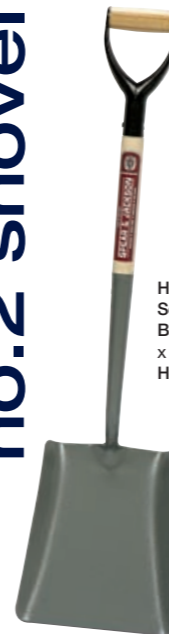

### digging fork

Product Code: 1570AL

- MYD handle
- Solid forged carbon steel head and socket
- Long lipped socket, riveted for added strength
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability
- 10 year guarantee

### square mouth no.2 shovel

Handle Type: MYD  
Socket Size: 305mm (12")  
Blade Size: 320mm (12½") x 255mm (10")  
Handle Length: 711mm (28")

Product Code: 2029RW

- Extra long socket adds strength at the potentially weakest point
- Made from high strength carbon / manganese steel
- Heat treated tempered steel for a longer life
- Epoxy coated head for reduced soil adhesion and rust
- Fully forged head for added strength

# LANDSCAPING & FENCING

## cultivating & fencing misc

dutch hoe

Product Code: 3540BT

- Long handle
- Carbon steel head and socket
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability

soil rake

Product Code: 3840EY

- Long handle
- Solid forged carbon steel head
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability
- 14 teeth

edging iron

Product Code: 3805AS

- T handle
- Solid forged carbon steel head
- Hammer finish epoxy coated head for improved resistance to rust, scratches, humidity and alkalines in the soil
- Weatherproofed hardwood shaft for greater durability

lawn (flexo) rake  
heavy duty

Product Code: 3872HD

- Heat treated tines are designed to withstand the toughest use whilst maintaining their shape and flexibility
- The rake's 20 tines wrap around the rivets at the back of the plate to reduce the likelihood of them becoming detached during use

# LANDSCAPING & FENCING

## fencing misc

post hole  
auger

Product Code: PHAUG

- For easy, non-mechanical digging of fencing post holes up to 6" (150mm) in diameter
- Long durable yet lightweight tubular steel handle for ease of use
- Hardened blade cuts through most types of soil and clay
- Overall length - 44" (1105mm)

post hole  
digger

Product Code: PHD-WH

- For producing deep, narrow, vertical holes minimising the need for backfill
- The steel oval shovel blades quickly and efficiently remove soil
- Hardened steel blades for maximum durability
- Comfortable ash wood handles provide a firm grip

chisel & point  
7lb

Product Code: 5000BT

- Heat treated carbon steel
- Weight 3.2kg (7lbs)
- For use with pick handle 5020AP

grubbing  
mattock 5lb

Product Code: 5002AE

- Heat treated carbon steel
- Weight 2.3kg (5lbs)
- For use with pick handle 5020AP
- Ideal for breaking up heavy ground

pick handle

Product Code: 5020AP

- Hardwood for use with 5000BT & 5002AE
- Length 910mm (36")

fencing pin

Product Code: 5007AB

- Carbon steel with rope loop
- Diameter 22mm (3/4")
- Length 1372mm (54")

post hole  
rammer

Product Code: PHR5

- For driving fencing posts up to 6" (150mm) diameter into heavy ground
- Two large handles for ease of use
- Strong tubular steel body with solid metal end cap for maximum strength.

rubber maul

Product Code: RMAUL

- For laying and levelling paving stones
- Large cylindrical head made of high grade rubber
- Comfortable wooden handle provides a firm grip
- Weight - 6kg

fencing grafter

Product Code: FG-HD54

- For digging narrow, deep holes for fencing posts
- Heavy duty tubular steel handle for maximum strength and efficiency
- Extra thick shovel blade for durability
